

FOLDIO2 BE A PRO ANYWHERE

Foldio2 allows anybody with a smartphone to easily take high quality pictures. It is a new level of possibilities in smartphone photography.

FOLDABLE AND PORTABLE

Great design makes for great use. Foldio2 is designed as a simple foldable magnetic structure which allows everyone to set up the studio quickly and easily. A handle makes Foldio2 conveniently portable.

FOLDIO2, BIGGER AND BRIGHTER

15" Foldio2 is bigger and brighter than 10" Foldio and it can handle larger items.

POWERFUL LED LIGHT STRIP WITH A BUILT-IN DIMMER

The Foldio2 LED light strip is much more efficient than most LED strips. A built-in dimmer device will help you control the brightness according to your needs.

SIMPLE, BUT POWERFUL FOLDIO APP*

The Foldio app will help you improve your photographs in several ways. It provides:

-  - A chroma key function to create great pictures
- An easy adjustment for the brightness
- A simple way to change the color temperature

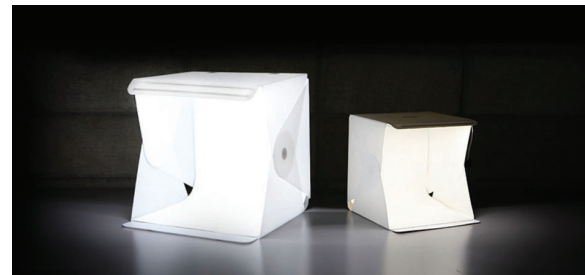

**The app is available for iOS and under development for Android. Search for 'foldio' in the app store to download.*
